- **[Cards](#)**
- [Account Summaries](#)
- [Update Profile](#)

©2016 Commercial Fueling Network 650-356-3000 or toll free 800-899-2236

3. In the Card Menu, enter the last 7 digits of the card in the “Go To Card” Text field

Go To Card:

4. Once you have entered the card number, click on either the “Activate” or “Inactivate” buttons to make the card active or inactive.

Go To Card:

5. In the next screen, you should see the information broken down into 11 sections:

Card	Status	Profile	Account	Date Updated	Time Updated	POS Restrict	Txn Count	Txn Date	Odom	ExpDate
------	--------	---------	---------	--------------	--------------	--------------	-----------	----------	------	---------

6. Under the Status column, the word “valid” or “invalid” is shown. This shares whether the card can be used or not.
